Children's Matinee at Columbia. Children's Matinee at Columbia.

A special matinee for the kiddles is being offered by the Columbia theater for this afternoon. Through special arrangements it will be possible to show Charlie Chaplin's latest release. "Triple Troubles," this afternoon. This is absolutely a new production and is being shown in Phoenix for the first time today.

This play, together with another big play for the children, titled "A Hoosier Romance," makes the afternoon's entertainment something that will prove of special interest to the younger folks.

"A Hoosier Romance' is a picturiza-tion of the late J. Whitcomb Rileys most famous poem. Riley has always been recognized as the world's great-est children's poet. Practically all of his works were either dedicated to or taken from the life of children, and his name is a popular one." is name is a popular one in every

home.

In "Triple Troubles." Chaplin has something that will make the kiddles rock with laughter. It is said to be one of his funniest vehicles and one that especially appeals to the young. This is not a retake of any Chaplin film made in the past and has only recently been released.

"Boston Blackie's Little Pal."

The Boston Blackie stories were the best read of any crook creations in recent years and the adaptation to pictures finds in "Boston Blackie's Little Pal." a corking 'talie as entertainment, for the fact that the character of this master crook who spent his leisure time in doing good to those who were less capable than he, is in the hands of Bert Lytell, whom all recall as the wonderful "Wolf of Paris" in the story by Herbert Brenon. "The Lone Wolf."

Lytell is at home in the character of Blackie and the influence a child has on this case-hardened crook and robber of big banks is shown with wonderful skill in Metros feature for the final showing today at the Hip.

With the feature is seen "His Blighted Career." a Sennett comedy with the usual pep that accompanies this brand of fun film.
